Subject

Submitting proposals for following up the inspection work of the Mysore Local Examination Office and recommending promotions to certain hands of the Office out of the Savings pointed out

I beg to submit a detailed statement showing the working of the Mysore Local Examination Office during the year 1895-96 and the proposals made therein for its improvement. The Local Examination Office was established in 1892 with the object of conducting examinations for the Lower Secondary Certificate and the Matriculation Examination of the Madras University. The Lower Secondary Examination was held in March 1893 and the Matriculation Examination in October 1893. The Lower Secondary Examination was held in March 1894 and the Matriculation Examination in October 1894. The Lower Secondary Examination was held in March 1895 and the Matriculation Examination in October 1895. The Lower Secondary Examination was held in March 1896 and the Matriculation Examination in October 1896.

The proposals now made by Mr Bhabha may be sanctioned as they would not entail any extra expense - As Local Fund may contribute only 1/2 pay on account of the Examiner's work, the remaining 1/2 amount will be debited to Imperial Revenue

Inspector General of Educatn

Sir

I beg leave to submit the following few lines for your kind consideration

I was first entertained the Education Department in April 1867 and was promoted to the post of Deputy Inspector of Schools, West Circle, in April 1879 That circle consisted at first of the Shimoga and Kadur Districts and subsequently embraced the Hassan District also In September 1891, when additional Deputy Inspectors were appointed Shimoga was taken away from me and I was left in charge of the Kadur and Hassan Districts, and in October 1895 I was transferred to the Mysore South Circle

It will thus be seen that my service in the Department extends over 27 years, and that for more than 17 years I have been a Deputy Inspector of Schools - employed during a period of 15 years in the Malnad Districts of the Province

The difficulties I had to contend with in making my tours of inspection over a wide range of malnad country were great, and the climate was trying – yet I spared no pains to give satisfaction to my superiors by honest and zealous discharge of my duties I beg I may be permitted to refer here to the opinions recorded by Mr L Rice, C I E, and Mr Abdul Rahiman Sahib, K B Mr Rice has made the following note in my Service Register, under date November 1890 –

> As Deputy Inspector of Schools for a number of years has been working very steadily and moving freely about his Districts'

Mr Abdul Rahiman Sahib has stated as follows in his Administration Report of the Shimoga District for 1890-91 –

> Mr Devkachar, the Deputy Inspector of Schools of the West Circle, has been for many years past employed in this important circle which includes most of the malnad portion of the Province It is my pleasing duty to record that he has the interest of the schools at heart and performs his inspection work which is distributed over an extensive and a difficult range, with diligence and zeal The establishment of a large number of schools in outlying and remote localities is due chiefly to his constant exertions

While there I had the satisfaction to know that my hard work in the malnad met with the approbation of my superiors, the struggle

made for a series of years in an uncongenial climate told considerably on my health and brought on a fistula The enclosed copy of Dr Krishna swamy Iyer's note will shew to what extent I and my family suffered by long residence in the mofussil

Though subject to the ailment referred to above I have continued to do my duties as hard as before and often at personal risk, and I hope trust my work has given you satisfaction

I am however afraid that a longer continuance of the struggle may lead to serious consequences and therefore approach you with this appeal for relief

I am given to understand that the post of Manager, Local Examination Office, is shortly to be vacated I beg that upon kind consideration of the foregoing fact, you will be pleased to move Government to confer that post on me

I beg to remain,
Sir,
Your most Obedient & humble Servant

Hassan 9th August 1894

I have been family physician to Mr Desi Kachar, Deputy Inspector of Schools, ever since he was at the station. I am sorry to say that his wife is not yet quite free from the low malarial fever that she caught at Shimoga. She has been getting fever and ague off and on. Her sons too have not been keeping the best of health, one of them was dangerously ill with typhoid fever and recovered. Mr Desi-Kachar himself is suffering from a fistula in ano which does not allow him to ride or travel continuously for some days. Under the circumstances I have no hesitation in saying that a change to a malnad District or to a District with lesser amount of work (outdoor) will do him and his family considerable good.
